Pandemic EBT

As we mentioned on the call last week, benefits will be automatically issued by the State to EBT cards for families with children who are eligible for free or reduced lunch. The State will be rolling this out over the next couple of weeks. There is no application process. The benefits will remain in effect for until the end of the scheduled school year (through June 26, 2020).

The State is determining how to address the issue of families who do not have an EBT card. Unlike SNAP, P-EBT is available to people who are undocumented. It is not counted under the federal public charge rule.
